

SLATTER
MANAGEMENT SERVICES, INC.
COMMUNITY ASSOCIATION MANAGEMENT

Accounting Solutions for Your Association

We understand the challenges a Self-Managed Community faces. Financially managing a Community Association is a complex task full of legal obligations and emotional homeowners.

When Slatter Management partners with your Self-Managed Association, we take on the Accounting Role so the Board may focus on the day to day operations.

At Slatter Management, we provide you with answers to:

- **A Smooth and Seamless Transition** to Slatter Management in as little as five business days.
- **The Challenge of having to collect dues from your neighbors** by giving them multiple ways to pay and diligently following up with those who are behind. Slatter provides a professional cushion between your role as a Board member and as a neighbor.
- **Keeping up with the Association's bills and financial reports** our professional accounting staff will maintain accurate records and oversee all accounting matters to include budget and delinquency control.
- **"Where do my dues go? What is my money spent on? I never see any financials!"** These are questions that many Board members hear repeatedly. Slatter provides timely, clear and concise financial information, providing the Board with the tools you need to have a happy membership.

Slatter Management takes pride in offering Associations throughout the Southeast Region an economical advantage when trusting us with your accounting needs.

To speak with our New Account Specialist about your Association, contact:

Kay Thornton, CMCA, AMS at 336-272-0641 ext. 3114 or email kay@slatterinc.com.
